

Leadership Coaching from a CI perspective

- Leadership is action orientated, it is not what is said, but what is done that has an impact on people who follow leaders.
- Leadership is the differentiator between successful and unsuccessful sustainable improvements.
- PBI works with all levels of Leadership from Executive to Frontline, educating and real-time coaching the role, behaviours and expectations of Leaders.
- We have leadership coaching programmes for individuals and teams.
- PBI has the capability to provide in-situ and virtual coaching.
- Our coaches have witnessed again and again, the power of leadership in driving a company-wide performance improvement culture.
